MEMORANDUM FOR THE RECORD

**SUBJECT : Concurrence in Contract No. EE-600 with the
Marquardt Aircraft Company, Van Nuys, California,
Project CHAMPION**

1. This memorandum contains a recommendation submitted for approval of the Special Assistant to the Director for Planning and Development. Such recommendation is set forth in Paragraph 5.
2. Contract No. EE-600 (NOas-59-6117) has been negotiated with Marquardt Aircraft Company to procure testing of various High Energy Fuels in a ramjet engine at combustion levels lower than that considered current "state-of-the-art" and investigations of non-metallics as ramjet engine structural materials. The work is to be conducted upon a Cost-Plus-a-Fixed-Fee basis and is to be completed on or before 28 February 1959. This work is under the technical direction of the Navy and is a continuation of previous work initiated by the Project.
3. Contract No. EE-600 obligates an amount of \$97,917.00 chargeable in Fiscal Year 1959 to Navy funds. By concurrence to this memorandum, the Comptroller signifies that sufficient funds are available for this additional obligation.
4. Certification of funds for this contract will be handled under the procedure approved by the Director of Central Intelligence on 15 December 1956, which in effect results in all 10(b) expenses involving issuance of Treasury Checks being accumulated in a separate account within the Finance Division. The amounts in this account will be periodically scheduled for certification of the vouchers by the Director. This procedure eliminates the necessity for a separate certification of authority under Section 10(b) of Public Law 110, 81st Congress, for each contract.
